Human 3D
12 CD Installation Guide

Check Contents

Please verify that you have received all twelve (12) CDs listed below:

  (a) Anatomy Atlas (4 CDs)
  (b) Human 3D (6 CDs)
  (c) Medical Dictionary (2 CDs)

Anatomy Atlas

Installing Anatomy Atlas:

1. Insert CD1 into CD-ROM drive. The setup program should start automatically.

2. If it does not, go to Run... in the Windows Start Menu and type d:\setup.exe
   (substitute your CD-ROM drive letter if not d:)

3. Follow the on-screen instructions as they guide you through the installation process. You will be prompted to insert CD2 thru CD4. Installation may take 3-6 minutes per CD, so be patient.

    note: click CANCEL if an AUTOPLAY window should open.
    note: it is usually NOT necessary to install "Quicktime" or "Videocodecs".

4. The setup program creates a program icon in the *Contmedia* program group.

Running Anatomy Atlas:

Go to **Start→Programs→Contmedia→Anatomical Atlas** and click **Start Anatomical Atlas**

Medical Dictionary

Installing Medical Dictionary:

1. Insert the Medical Dictionary CD1 ("Installation CD") into CD-ROM drive.
2. The contents of the CD should automatically appear. If not, go to the Windows desktop, double click on "My Computer" and then double click the CD drive icon.
3. Double click the "Windows" folder and then double click on "install.exe" to start the installation.
4. Follow the on-screen instructions as they guide you through the installation process.
5. The software will request you to insert CD2 ("Pronunciation CD") the first time the program runs.

Running the Medical Dictionary:

By default the setup program creates a program icon in the *Megasystems Med Plus Sound* program group. Double click this icon to start the program. Following installation, the CDs are not required to use the Medical Dictionary.

Human 3D

Installing Human 3D:

1. Insert CD1 into CD-ROM drive. The setup program should start automatically.

2. If it does not, go to Run... in the Windows Start Menu and type d:\setup.exe
   (substitute your CD-ROM drive letter if not d:)

3. Follow the on-screen instructions as they guide you through the installation process. You will be prompted to insert CD2 thru CD6. Installation may take 3-6 minutes per CD, so be patient.

    note: click CANCEL if an AUTOPLAY window should open.

4. The setup program creates a program icon in the *Contmedia* program group.

Running Human 3D:

note: the default password is **magicword**

Go to **Start→Programs→Contmedia→Human 3D** and click **Human 3D**
